## IT WAS THE END

If anybody is surprised that there was no Hall Magazine last October we've proved a point; nobody read the previous one. And if nobody is surprised the change will meet with universal acclaim, as only two voices were raised in protest.

One valid point they made was that overseas members will not benefit from the free weekend scheme, whereas the magazine at least kept them in contact with the Hall. I hope that this small offering might do the same, without going into such intimate details. It may be that this aim is not fulfilled. If so, for goodness sake write and moan, as that's the only way to produce change.

Which leads to another point: it's about time there were some changes on the committee. Every year the president, treasurer and secretary plead to be replaced, but never are. This year at least one change is essential, and there ought to be more, as almost all the present committee were in Hall at about the same time.

In fact the attendance at the Annual Dinner leads to conjecture about the changing role of a Hall of Residence. Once upon a time eight characters in Waltham were loosely united in a "thing" called WAPSOC. Half the members were present at the Dinner in July while whole years were not represented. In addition there were more people present who had been in Claverton or the Holmes than there were from all the new blocks lumped together. Is the Hall just a boarding house now without the community feeling there was before the new monastic quarters were built? Or could it be that the people who have been in Hall in the last six years have been so nauseated by their companions that they have resolved never again to set foot in the same buildings as any of them?

## WARDEN'S LETTER

The more entertaining report with which the President of the J.C.R. ends a very successful year of office will show that the Hall has not changed in essentials but older members who call in—and they are always very welcome—will find much that is unfamiliar. The trees presented and planted in 1961 can be easily identified from the plan but will not be recognised by anyone who remembers them in their infancy; the lawns flourish and so do the shrubs around them. Ground-floor residents in C House have to wash and shave by artificial light because a forest of *Ceanothus* blocks all windows but it looks splendid from the outside and other shrubs round the lawns, heaths at the South corner of the top lawn, and lavenders outside the common room all seem to be thriving. There are now two more trees inside the main lawns and the whole precinct has mellowed.

Changes in the neighbourhood are even more obvious. The field below Wills is now almost covered by the buildings of Hiatt Baker Hall, opening into Parry's Lane. Below the Churchill tennis courts the space reserved for yet another Hall still remains green and probably will so remain for a long time, but nearer home Badock Hall occupies the field below Claverton and has even encroached a little on the Claverton garden.

At present, the nearest Badock buildings are occupied by "Goldney at Badock." The delay in building the new Hall for women at Goldney presented a very serious shortage of places for women and Goldney Hall was, therefore, established in 1968 to use the tower blocks at Badock, and share dining-hall and common rooms, until the new Goldney buildings could be finished. The arrangement appeared so successful—two J.C.R. Presidents and two Hall Tutors are already engaged to be married—that the Committee on Halls of Residence has asked Council to approve in principle the provision of some mixed Halls as and when circumstances are appropriate. C.H.A. members will note that this recommendation is suitably qualified and leaves Churchill in its ancient state of segregation.

We have, however, been influenced by these innovations. Visiting hours for ladies have been extended and they even appear at dinner from time to time.

We also have a bar. There were some difficulties about the rival claims of bar and table-tennis for use of the games room but these have been amicably settled and the bar appears to satisfy a long-felt want. Its opening hours are limited by the availability of volunteer bar-tenders but sessions from 6.30-7.0 and 10.0-10.30 p.m. are well attended and provide a very valuable occasion when all members of the Hall can meet informally.

It was agreed that the bar should not aim at profits but there was a sufficient balance to provide free wine at the Christmas dinner. This was an excellent innovation, saving all the complications of advance—and sometimes excessive—orders, avoiding any risk of bottles going astray or accounts going awry and adding greatly to a very pleasant occasion. Soft drinks were provided also, but in general the bar profits were enjoyed by bar customers and justice, as well as rational enjoyment, prevailed.

The Hall Shop has similarly been distributing profits. Several years ago the Churchill Hall Association presented a first instalment of coffee tables for hire to members of Hall. Profits have been used to buy more tables and the number—and the profits—have steadily increased. This year Mr. Handford has taken over the complicated business of supplying cigarettes for members of Hall and Conference visitors, less reserves are needed to pay cigarette bills and the Shop Com-

mittee and J.C.R. Committee have ordered a final instalment of coffee tables. We can now provide for A-B, I-J and the out-houses and all rooms in Hall will be fully equipped.

We have been very fortunate in new appointments. The Domestic Bursar and catering staff were all appointed at the end of last Session and are all highly efficient and agreeable. He had difficulties in the Spring Term, when Nonesuch News published some alarming stories about economies in food necessitated by earlier "wastage" but a letter from the J.C.R. eventually put the record straight and the real problem, about Hall accounts, was satisfactorily settled.

Bristol, in fact, has been little affected by the current fashion for paint-throwing and sit-ins. Negotiations through the year have produced agreement that students representation on various University Committees, including the Committee on Halls of Residence, and opened more channels of communication between senior and junior members of the University. We certainly need more contact between S.C.R. and J.C.R. in the Hall and one of the problems is to arrange for this without excessively formal organisation.

There seem to have been no problems affecting academic results. This year we claimed ten first class degrees for current members and seven for former members of Hall. Since we had only 46 third year members in Hall the proportion is highly respectable and suggests that Halls have some advantages. The list includes two very active members of the Hall Committee and this, too, suggests a moral.

Churchill will certainly have a younger S.C.R. next year. Mobility and matrimony have removed nearly all the present members—Professor Chester to America, Dr. Dissinger to Germany, Mr. Farlie to Bath and Dr. Matthews, Mr. Shell and

Mr. Sims-Williams to less distant but extra-mural establishments. C.H.A. members will regret the departure of those whom they knew and be willing to send all of them good wishes. They will also be willing to welcome new members and particularly Max Liversidge (1962-1965) as Sub-Warden at The Holmes and Paul Murgatroyd (1961-1964) as Tutor at Waltham.

Among all these changes it is all the more agreeable to have Norman Robertson commemorated by a handsome picture in the S.C.R.—his gift, not his portrait—and to see him from time to time. Other visitors include Derek Walker and Barry Williamson from foreign parts and numerous others more local. It is always a pleasure to see old members or to hear news of them and I very much hope that the new scheme will encourage a great many more to appear at future reunions. Meanwhile, it is pleasant to have this opportunity to send my good wishes to all members.

Signed A. B. REYNOLDS

Warden (July, 1968).

### SHADES OF SUGARMAN

Hot from the press, this article marks the first President's letter written in the "new-style" Churchill Hall magazine (Hallelujah!). Owing to increasingly greater costs, the previous elaborate format has had to be abandoned, but it is hoped that this new presentation will still perform the more important functions of the old. To compensate, it is intended that more attention be paid to the Hall Archives in the future, so we may confidently assume that Churchill's sensational progress will continue to be accurately and dramatically observed and written down in the raw, as it has been in the past annual magazines.

Once again (but hoping this has not been said too many times by too many Presidents) the past year in Churchill has been an eventful one.

Innovations included, first and foremost, an extension (to 11.30 p.m.) of ladies' visiting hours on Friday and Saturday. This decision met with what might be called a chaotic, riotous, wild, but definitely gentlemanly response from the Hall. I think they liked it!

In May, a colour T.V. was installed. This explained a phenomena which at first puzzled the Hall Committee, when on Cup Final day, the remaining 4,700 students in the University tried to force their way in to the J.C.R. to watch the game. We ten brave souls tried desperately to hold them off, but after a long struggle of 15 seconds, capitulated, and thought it more profitable to set up a gate, charging 6d. a head entry fee for all those who wanted to come in! So, if on examining the newly acquired Hall accounts next year, gentlemen discover that we are decidedly well off, . . .

In November, the Duke of Beaufort came immaculate and uninjured to Sir Winston's birthday dinner. Contrary to popular belief, there was no banner waving, paint throwing, cat calling or other untoward incidents (a disappointment to some!).

In December, a "Grand Yule-tide Show" was produced by some Churchillians for the domestic staff and students, with their guests. It is seriously hoped that in the future, this gem of entertainment will replace the Freshers' Smoker (or revue) as an excellent way of promoting increasingly better staff-student relations.

The Churchill Hall Association presented a gavel to the President, with the excuse that it was to remind one and all of their existence. But really it was only to stop me breaking through the 1/60 in. thick polish on the dining-table with a dessert spoon!

The regular social events all attained the usual high standard—the Coffee Dance, Christmas Dance and Ball—and sports-wise, Churchill once again did very well. The soccer team won the league, and the cricket, tennis, rugby, squash, hockey and table-tennis teams all did well in their respective competitions.

In addition this year, we entered an inter-Hall swimming competition, and distinguished ourselves by coming last—with honours, I might add, for even a rather well-built damsel from Manor Hall managed to streak far ahead of our best swimmers!

Besides all this, there were other occurrences that may be worth mentioning owing to their somewhat unique and extraordinary character. For example, the case of some of our Rhodesian Kith and Kin who took a day off lectures in order to play in the snow, on the basis of the fact that they had never seen it before (anyhow, that's what they told their Professor, and they're sticking to it!); and then there was the occasion during "Rag Week" when several young ladies from the College of Commerce paid a visit to Churchill, in the early hours of one morning, and accosted the defenceless Reverend Farlie.

Anyhow, enough said! This letter gives us all the opportunity to formally welcome a new domestic staff and porter (after an already admirable first year). We sincerely hope they will have many happy terms here. Also, I'm sure we would all like to give our very best wishes to the large number of S.C.R. and staff leaving for "richer pastures."

Finally, let me close by giving next year's committee the best of luck—we are all certain they will be a credit to the Hall.

MARTIN SUGARMAN (June, 1968)

## **SPORTS REPORT**

### **Cricket**

Despite a fixture list hit by bad weather and cancellations, we provided some entertaining cricket, the batsmen being in very good form.

### **Hockey**

The hockey team had their best season for some years, and emerged unofficially as the best Hall team. Some flashing stick-work against local teams is fast making Churchill Hall feared throughout the West of England.

### **Rugby**

We have once again retained the Rugby Trophy despite some fierce opposition (off the field) from Burwalls, and some hair-raising tackles (on the field) from Badock, Wills and Hiatt Baker.

### **Soccer**

Another good season with the league championship shared with Hiatt Baker after some nail-biting games at Coombe Dingle. With the 5-a-side competition so successful again, perhaps it could be used to find new talent early in the season next year.

### **Squash**

After an indifferent start to the season the form after Christmas was very promising and some useful victories were recorded.

### **Table Tennis**

A very successful season for both teams who finished high in the league tables.

### **Tennis**

Played with great enthusiasm and enjoyed by all those who took part; better luck next year though.

Good luck to all teams in the coming year and I hope they enjoy their sport as much as we did last year.

**PETE ARCHER**

## ANNUAL GENERAL MEETING

Once more the annual discussion of the Association's business took place amicably in the J.C.R. The occasion was not quite as drowsy as has sometimes been the case, for the members present had constructive views on the subsidy scheme. Unfortunately nobody was sufficiently forthcoming to relieve the president, secretary or treasurer of their posts. All are now approaching senility, and would be delighted to hand over to somebody younger—or older for that matter! I think I can promise three votes for anybody who wishes to stand.

After the adverts, the business of the meeting.

### Treasurer's Report

The accounts as printed later were presented, with elaborations about the magazine and secretarial expenses. The magazine accounted for approximately £140 of the year's expenses, and the J.C.R. was not prepared to contribute more than £25. Thus the Association paid well over one hundred pounds for what was basically a Hall magazine, whereas a newsletter with the relevant sections of the old magazine could be produced for under £40. A proposal to produce a newsletter would be put to the meeting later.

The secretarial expenses were for the agency used to distribute magazines and circulars, and the treasurer warned that there would probably be a claim for the secretary's expenses in the next accounts. John also reported that he had again heard from the Inland Revenue Board, and in consequence was moving from Gloucestershire to Hertfordshire.

### Discussion

The meeting accepted the proposal to replace the magazine with a newsletter, and spent some time discussing how to spend the money saved. The decision finally taken was this:

Each year the reunion would take place as at present, with all members welcome.

To give members an incentive to return each year some people would be invited free of charge. To ensure that they would know somebody else present those invited free would be from particular years. This year those who may attend free of charge are people who left in Hall in 1957, '58 or '59. In 1970 those entitled to a free weekend will be the 1960 and 1965 leavers, and in subsequent years the invitation will go to people who left Hall five and ten years earlier.

It must be stressed that the main purpose of this scheme is to show people that the reunion is enjoyable and extremely good value for money—we are convinced that once people have overcome their initial inertia they will continue to attend. Once

numbers have increased it should be possible to have a more elaborate affair.

The rest of the meeting was occupied by the committee attempting unsuccessfully to hand over to more competent people.

## NEWS OF PAST MEMBERS

- C. R. L. AGATE, who seems to change his address as often as his car, is now based at 8, Boundary Way, Cosham, Portsmouth. When last he wrote he was Senior Engineer on construction of a new hospital at the New City of Craigavon, N. Ireland.
- D. E. BOWYER, after three years teaching maths at Wimslow Grammar, now teaches at Manchester Grammar and lives at 20, Sussex Avenue, Gawsworth, Macclesfield, Cheshire.
- W. G. A. BECKETT has moved to 6, Clewborough Drive, Copped Hall Est, Camberley.
- R. L. BLACKWELL is still working in his father's building business. He now has a daughter as well as a son.
- W. D. BURDETT is head of Maths Dept. at Bugbrooke Secondary School which is shortly going Comprehensive and is now living at 47, Buttmead, Blisworth, Northants, with Pam and two daughters.
- DR. JOHN CHICK and his wife are living in Uganda where John has been a lecturer in political science at Makerere University College since 1967.
- A. C. A. COLVILLE has put electrical engineering aside and taken up a post as computer programmer with I.C.L. He lives at 33, Eastheath Avenue, Wokingham.
- JIM DODD, still lecturing in Coventry, has one daughter.
- M. G. FARRINGTON has emigrated to 40, Beaufort Avenue, Langland, Swansea, where he lectures at University College in Computation.
- RAY EACHUS has been to the last two meetings with his wife. Now lives at 11, Cote Lea Park, Westbury on Trym.
- JOHN EARNSHAW is head of Science in a developing Comprehensive school in Hemel Hempstead. He lives at 14, Garland Close, Hemel Hempstead.
- ALUN EVANS after completing a 'Cert. Ed. course at King's College, London, is teaching History at Barry Boy's Comprehensive School, Glamorgan.
- NORMAN FOORD wrote from Suffolk. At the time he was hoping to do research into cross-infections at Central Public Health Labs. in Colindale Ave., London.
- JULIAN FROST, who is still working as a curate in Kent, was married on July 20th last. He met up with Vernon Smith and Mike Battison while they were on leave from Africa. During his stay Mike was married.
- MALIK FERNANDO was last reported heading back to Ceylon.
- J. D. GARNISH is living at 3, Hillside, A.E.R.E., Harwell, Didcot, and is presumably working at the same place.

- PETER GEDLING is Assistant Director of Education for Carlisle and now has two sons, last being born May, 1968.
- MARTIN GREGORY spent two colourful years as a vet in Kenya, where he found himself a wife, and then returned to the U.K. via Tahiti and Paris.
- B. I. HARWOOD has taken his wife and three daughters to U.S.A., and works on Long Island. Colin Mitchell did furnish further details, but the censor cut them out.
- R. G. HART is working for 15 months in Botswana for I.V.S. He is teaching science at Swaneng Hill School, Serowe and is also in charge of a 120 strong Builders Brigade of local people who are working on the school extension in return for a small wage and some education. He would welcome news from anyone in this country: address P.O. Box 101, Serowe, Botswana.
- DR. DESMOND HEMMING is residing at 256, Westcourt Place, Waterloo, Ontario, Canada, where he has a lectureship at the University.
- PETER HOOKEY spent a year under auspices of V.S.O. teaching general science in Ghana, after which he intended to stay on for a year as National Organiser of Duke of Edinburgh Award Scheme among the Ghana B.B., work which he had been doing on a local basis in his spare time. He plans to return to England in November to work as a graduate trainee with Alcan. The latest African address we have is P.O. Box 150 Takoradi, Ghana.
- D. I. HAMMOND has sold his ancient monument, and is living at 45, Wellmeadow Road, Hither Green, S.E.13.
- P. INSOLE has been working for a year in Cleveland, Ohio.
- DR. BOB JARVIS, M.B., Ch.B., D.R.C.O.G., is in charge of Kiriugyaga Hospital, between Nairobi and Mt. Kenya, with his wife Sue working as a nurse. Since being there he has met President Kenyatta and the Olympic athlete Kip Keino. His address is P.O. Box 24, Kerugoya, Central Province Kenya.
- R. KITE and Hilary should by now have their first baby. Roger is working in a local government department in Sheffield.
- N. KELLAND is a marine geophysicist with Hunting Geology and Geophysics Ltd, He is based at Elstree but spends a considerable amount of time overseas.
- DAVE JONES, Ph.D., is still working in Malvern. Janet has helped in the addition of two mini-Joneses.
- T. D. LADD is living with his wife and daughter at 9, Downside, Portishead, and working in sales administration for Harveys at Whitchurch.

Dr. D. LUSH, M.B., Ch.B., D.Obst., R.C.O.G., is registrar in anaesthetics to United Sheffield Hospitals and living at 9, Knab Croft, Sheffield S2EQ. He was married to a Bristol nurse some time ago and now has two sons, who are doubtless of great "assistance" with his gardening.

PETER MICHIE has left the R.A.F. and was last heard of ??

C. MITCHELL is back in the country with Sue, family and beard, living at 1, St. Philips Avenue, Worcester Park, Surrey.

P. W. MUNN has moved to 58, Swyncombe Avenue, W.5.

JOHN PRESTWOOD is in general practice on Hayling Island, but spends most of his time coping with two sons and the desolation left by the builders at Brecon, 26, St. Aubins Park, Hayling Island, Hants.

JOHN PARTRIDGE is married to Betsy Anne and working for Plessys.

J. M. PILSWORTH moved last January to 37, Sullivan Road, Broadfields, Exeter.

J. A. W. Quinn spent four years working for A.E.A. (Chester) and is now working with Butler Chemicals at Avonmouth. He is married with one son and lives at 41, Kilburnie Road, Whitchurch, Bristol 4.

TONY REST, Ph.D., married Joan Willerton (B.V. Sc. Bristol) in 1967 and took up an S.R.C. Research Fellowship at University Chemistry Laboratory, Cambridge last March. His reservation about the abolition of the magazine was that it is a valuable source of addresses. Obviously he has a point with his suggestion for a member's directory.

M. J. RIDLEY and Joan returned from Canada in October, 1967. They live at 37, Lincoln Wood, Haywards Heath, Sussex, and Malcolm works as accountant to Phillips Petroleum on North Sea Gas operations.

N. ROBERTSON is still slaving across the Irish Sea. He almost suggested that the magazine money should go towards free wine at the dinner, then found that he couldn't attend.

A. M. ROSSETTENSTEIN wrote from Rhodesia with a strong claim for retaining the magazine as the only link with Hall for past members living some distance from Bristol. His comments were appreciated and I hope he will not be too disappointed with this offering.

DUSHYANT SINGH sent a delightful letter from Kenya with news of many old lags he has met in East Africa. Dushyant was married in 1962 and now has a daughter. Since returning from Bristol he has been employed in the Statistical Dept. of the East African community for the last four years as Deputy Director. He would be delighted to meet any

ex-Churchillians who find their way to his "heavenly corner of the world."

- A. K. SMITH is living at 3333, Regina Avenue, Regina, Saskatchewan, working in the forensic department of the Royal Canadian Mounted Police.
- FRANK SMITH appeared on our doorstep one evening last summer while temporarily in England. He had finished his M.Sc. in Canada and was considering whether to make his presence felt in New Zealand or Alaska.
- G. STROUD is married with one daughter and minting genuine antique medallions in Philadelphia.
- C. SYMMONS has moved into the wilds of Hillside Cottage, The Coombe, Compton Martin, Bristol.
- PETER TURNER and his wife have been teaching in Nairobi for the past four or five years.
- J. C. B. TURNEY is living at 49, Harley Road, Sheffield, S11, 9SE.
- L. de V. WRAGG is now living at Manor Pound, North Lane, West Hoathly, Sussex.

### LOST, STOLEN OR STRAYED

While we have heard of some of the following members from time to time we have no knowledge of their present whereabouts, and would be grateful for news of them.

J. A. Allchurch (63), Rev. H. J. Blacker (58), J. K. Boardman (64), M. Broughton (66), G. R. Burbidge (59), M. F. Chudleigh (66), W. R. Crooks (58), Dr. J. Duthie (61), R. J. Fairbrother (65), D. A. Hepenstall (59), G. D. Hodgkinson (65), E. C. Hossell (62), D. J. Hornsey (61), T. J. Hunt (62), K. S. Irwin (63), D. D. Kennedy (57), B. R. Kite (62), R. F. Kinsella (62), C. G. Leigh-Bennett (62), G. M. Martin (63), C. R. Mellor (63), F. H. A. Payne (57), A. M. Piestrosik, P. N. Richards (59), C. J. Rowland (63), M. R. Stubbs (59), J. E. Smith (62), J. P. C. Watson (62), P. H. Westernmann (62), B. S. White (62), R. B. H. Whitehouse (59), P. J. Wood (60), A. A. Young (64).

**ANNUAL REUNION WEEKEND**  
**JULY 26th, 27th, 1969**

*P.S. How about somebody designing a  
decent cover for next year!*
